Dear Chicago Dough Company,

The "Hit for the Homeless" event went very well again this year. We had about 100 people participate in the tennis, basketball and wallyball tournaments, along with the general exercisers and swimmers. We greatly appreciate your support.

Your pizzas are the most sought after treats for the participants and all activity stops when they arrive. It's one of the many things that help make the evening a success and we thank you.

Sincerely,

Jerrod Levine  
President
